Dear Coroner Carlin,

**Re: Investigation into the death of Oscar McIntyre
Court Ref: COR 2012 000741**

Motorcycling Australia (MA) has carefully considered the Coroner's Report following the death of Oscar McIntyre and particularly the Coroner's Recommendations provided 19 July 2016.

MA notes that the Finding confirms that a barrier in that location would not have altered the result and that the track set up and protection was adequate (Section 18 of the Coroner's Report). However, we note that PI Operations Pty Ltd proposes to install a flexible, conspicuous barrier within the run off area at the rear of Turn 1 on or before the 15th October 2016 for unrelated safety improvement reasons.

MA considers this proposed barrier along with the proposed break markers will provide ample visual warning to riders.

Please do not hesitate to contact me should you have any queries or concerns.

Yours sincerely,

Peter Doyle
