AND having held an inquest in relation to this death on 23rd August, 2010
at Latrobe Valley

find that the identity of the deceased was Travis Wayne Freeman and death occurred
on 13th June 2007 at Warragul.

From.

- 1a Aspiration pneumonia
- 1b Cerebral palsy
- 1c Epilepsy
- 1d Multiple past pneumonia's

In the following circumstances:-

I find the identity of the deceased was Travis Wayne Freeman and that death occurred at
Warragul Hospital on 13th June, 2007 from aspiration pneumonia, allocated with cerebral
palsy and epilepsy.

Travis Wayne freeman, born 19th January, 1976 was a resident at 26 Neerim Street a
Department of Human Services, Community Residential Unit for approximately 13 years.
He suffered from a large number of medical complaints. The main conditions being,
cerebral palsy, scoliosis and epilepsy. His conditions meant that he was classed as high
dependant of care.

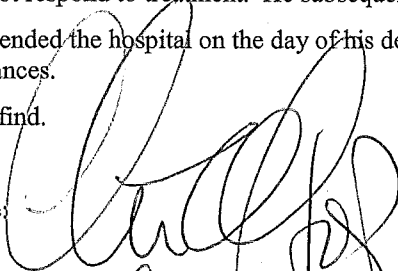

As a result of Mr Freeman's conditions he was susceptible to contracting pneumonia on a
regular basis and as a result was hospitalised on a regular basis. On 8th June, 2007 Mr
Freeman was admitted to West Gippsland Hospital with acute pneumonia. He was very ill
and did not respond to treatment. He subsequently died on 13th June, 2007.

Police attended the hospital on the day of his death and found there were no suspicious
circumstances.

And I so find.
